EDITORIAL

Well the years nearly over once again, Have you bought your Chrissy presents yet. It's only just around the corner only 60 more days to go.

This month we have three cars for sale plus other bits and pieces including a full interior.

We also have the opportunity of obtaining front and rear sway bars. Front;- Heavy Duty. Rear :- Heavy Duty or light complete with fittings. To obtain these we need an order for 5 sets

For anyone who is interested phone Vice Pre. Neville on 074 944 427 to place an order. these will cost \$170-00 per set plus freight from Sydney.

The brochures Graham mentioned are now available at \$30-00 per set they are complete sets of original dealers brochures in pristine condition. I have 4 sets comprising of "P76 IN PICTURES ": "P 76 ANYTHING BUT AVERAGE" Colour leaflet "LEYLAND". "P76 THE AUSTRALIAN CAR", World cup rally supplement "ONLY THE STRONG SURVIVED". "THE CASE FOR ALLUMINIUM V8 ENGINES". "LEYLAND P76 LEVELS AND OPTIONS" 1 in colour 1 in Black and white. "LEYLAND P76 ACCESSORIES". "P76 MODELS AND SPECIFICATIONS"

there are only 3 full sets available so be quick. we also have 2 sets minus "MODELS AND SPECIFICATIONS" and one set is also minus "ACCESSORIES" Because of the rarity of these brochures the price remains at \$30-00

The treasurers report was unavailable at the meeting however the bank balance at the end of September was \$4500-00 in round figures.

We have recieved new info on the National Meeting from Victorie The new venue is BANKSIA HOLIDAY PARK West Rosebud. for those members who only know where Brisbane is. I checked the map. and found Rosebud Due South (Melbourne on the Mornington Peninsula. I'm sure the Victorian club will send us detailed maps of the area as Easter gets closer. The Registration form is included in the Mag so complete these and return ASAP Deposits of \$ 30-00 per person are required by 14th December, and the balance may be paid on arrival.

There are plenty of options RE:- Accommodation, Gray and I will be staying at the Lodge but will be using our Camper Trailer to and from Victoria. I don't know if there is room for caravans etc at the complex but will find out for the next magazine. So start saving those pennies ??? Dollars for next Easter.

At \$110-00 per person including all meals from Friday night through to Monday breakfast this is pretty good value. So lets all get together and make next Easter the best meeting ever.

PAT

ROGO RAVES ON & ON & ON

It's me again ROGO bringing you another edition of Rogo Raves. We have had lots of things happening this month, starting with our trip to Toowoomba. Pat and I started out on Sunday morning nice and early we met the Humpherys and the Pearsons at the Shell Servo at Gailes. Not bad considering we all come from a long way on the North side of Brisbane. Leaving Gailes at 9.00 am we headed for Toowoomba stopping at the Blue Star caravan park to pick up the members from the Ipswich area. We were joined by Patrick Peterson and Anne and also friends of theirs and Jamie Mehl making 6 cars in all to climb the range. What a good trip we had, there is nothing like a group of Ps travelling on a highway. It's a thrill a minute. For people who have not had the experience you don't know what you are missing. When we reached The Mobil Servo at the top of the range we were joined by the Trosts. The Finches and Fred Mill making a total of 9 cars, looking better all the time. After I emptied my boot of parts that were ordered by the Toowoomba people we set off for a trip around some of the Prize Winning gardens. They were very well done with lots of colour. and a credit to their owners. Being P. nuts we soon got bored and headed for the showgrounds, to have a look at the collectables exhibition. It wasn't bad but I think there should have been more cars on display. After that we all headed home again. We all had a great time and are looking forward to the next trip, which will be to the Ginger Factory in Yandina. more info in Social calendar.

We have just ordered another batch of Radiators, as the last lot has just about sold out. Also front Blinker lenses, we are down to our last pair of these. I am waiting to hear if we can obtain more of these. Last Saturday John Joyce and Wife, and Brett Shaw and Myself took a trip to Jindalee to pick up a 6 cylinder 4 speed which has been donated to the club along with some spare parts. We had a few laughs on the way, but we got the car back in one piece. It's not a bad body not much rust. The motor seems good, so we are putting it up for sale for \$500-00 or nearest offer, so come on A good one to restore.

The Victoria club have finally settled on a venue to hold the National Meeting at Easter 1995. The Registration form and price list is enclosed further in mag.

At the last meeting we received information on original dealership Brochures that were available to us. We are following this up and will keep you informed of what eventuates.

Barry LeVarde who has recently formed a club of the Northern Territory are willing to put forward the offer to host the National Get Together in 1996 in Darwin. So that's something to look forward to. Well I think I have Raved on enough for this month. Keep on P'eeing

A Day of Discovery

A visit to our factory promises much more than the sights and smells of tangy ginger processed into the mouth-watering products enjoyed all over the world. So take your time.

Take a Ginger-Bus tour to see how the crop is grown, then cruise back through history on the paddlesteamer *Ginger Belle*, plying the beautiful Maroochy River.

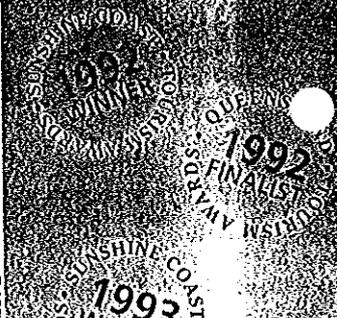

For a touch of nostalgia, it's *Gingertown Motor Garage*, then an old-fashioned morning tea of ginger scones and cream before visiting the enchanting *Dolls Cottage*. You'll have to be strong-willed, though, to resist the tantalising aroma from *Granny's Macadamia Kitchen*.

At *Koala Cottage*, watch souvenir koalas being expertly crafted from Australian-only materials.

For fragrances and facts about the wonderful world of herbs, there's *Pennyroyal Herb Farm*, right next to our rapidly-growing rainforest.

Rest a little while you ride on our beautifully restored sugar cane train as it chugs past authentic pioneer buildings - down to the *Ginger Patch*.

Linger over lunch, a barbecue chicken sate, perhaps, in the licenced *Courtyard Cafe*, then collect some *Ginger Shoppe* goodies - tasty reminders of a sense-sational day.

We'll see you at...

A SHOPPING GUIDE FOR WEEKEND CAR BUYERS. THE DO'S AND DON'TS.

So you want to buy a new car this weekend. Naturally we don't want to talk you out of it, but we would like to give you a few warnings.

WHAT SIZE CAR DO YOU NEED?

This might sound simple enough, but a lot of people make a basic mistake and buy too small.

You never know when you'll be carrying extra passengers, extra luggage or a cot or something.

But you also want an economical car. Not just petrol economy, but tyres and brakes and all that.

But there's no such thing as a large economical car. Or is there?

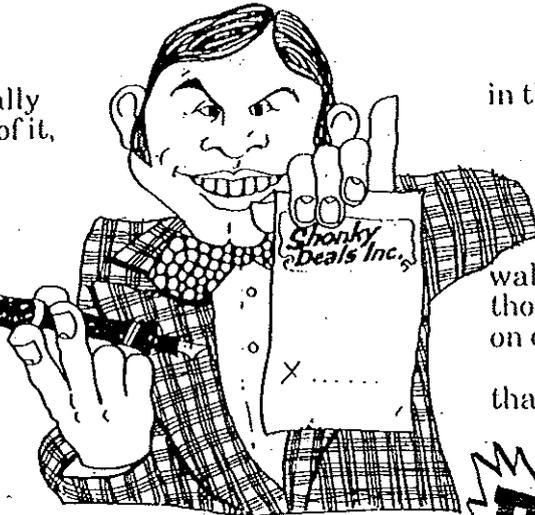

THE HIDDEN COSTS.

You've heard the expression "Money burns a hole in your pocket." With cars it's just as true to say "Weight burns a hole in your money."

The heavier a car is, the more it drinks and the harder it is on tyres and brakes and transmissions and everything.

**LEYLAND P76.
ANYTHING BUT AVERAGE.**

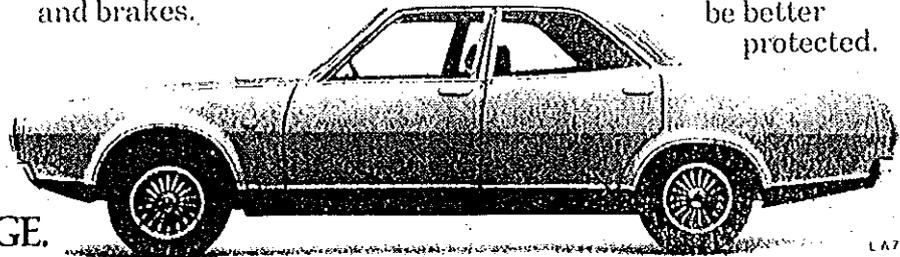

The biggest influence on car weight is the engine. The average Australian car is built to carry a heavy iron V8. When you drop a Six in, it has to perform a mammoth job pulling all that unnecessary weight.

Now, with P76, the story is different.

Both P76 engines, the aluminium V8 and OHC Six, weigh the same. This means the Six doesn't have to tow

around a car built for a heavy iron V8.

The Six is big, but not overweight. It's powerful, but not thirsty. In fact, you can expect up to 20% better fuel economy. And greater mileage from both tyres and brakes.

And that's like money in the bank.

BEAUTY IS MORE THAN SKIN DEEP.

Even bearing all this in mind, it's pretty exciting to walk into a showroom and see all those gleaming new cars on display.

It's very tempting, and that's what it is designed to be.

But look deeper. Compare the size of the boots, and you'll find P76 is 30% bigger.

Compare the brakes, and you'll find P76 has power assisted discs as standard equipment.

Compare the shoulder room and leg room, you'll find P76 has more front and rear.

AFTER THE DEAL IS OVER.

Buy an average Australian car, and you get a warranty and a handshake. That's about all.

With the P76 you get, not a warranty, but a straightforward, foolproof (for you) guarantee.

Because we believe the P76 is a better built car. And can therefore be better protected.
