## ROGO RAVES

Hi It's me again, ROGO. I bet you thought I probably would not be raving in the mag now that Pats not the Editor. Well I'm not that easy to get rid of.

I will start my rave with a report on the trip to Russel Island

What a day with a difference. We had a roll up of about 6 cars and their familys. Not all of the cars were Ps but that didn't matter. We drove to the Jetty and boarded the Water Taxi, for Russel Island. Quite a pleasant trip. On landing at Russel our good friends, Ian and Marion were there to meet us and drove us to their house, which is in a lovely spot. Ian has a carting business on the Island and carts everything from sand and gravel to furniture, and travels back and forth on The Car Ferry.

Back at their place Ian backed out his Marina, and with this the P and Marions Ford wagon we were able to tour the island in style. A very interesting day. Russel is not a big Island but there is still a lot of land for sale, and at some reasonable prices. When we returned to the homestead Marion had sorted out the Barbie, so it was time to throw on the steaks and break out the XXXX. After lots of discussion about Ps it was time to take our leave. so 12 of us, three small children and a stroller piled into the P and the Ford to head back to the Jetty, to catch the water taxi back to the mainland.

Again I think everybody had a top day and I would like to thank Marion and Ian for their hospitality.

### IN THE PARTS SHED.

Well the stripping of the Executive went well. even though we didn,t quite finish, It now sits on my trailer waiting to be completed. Never mind the 4X tasted good. and I think Chris and Patrick know a bit more about Rovers now.

Not much else has happened in parts. We have advertised the other Executive in the Trading Post, and hope it will sell quickly. Well I think thats all for this month. Keep on P'ing.

ROGO
